MOCK DUI CRASH: QUESTIONS ABOUT YOUR THOUGHTS

Your thoughts and emotions tell if this project is worthwhile. Please be honest and open about answers to the following questions.

1. Do you think this program will really prevent someone from choosing to drive after drinking? Why or why not?
2. What is your reaction to all of the effort put forth by the emergency teams to help the injured people?
3. How were the actual rescue procedures different than what you thought they would be?
4. Why do you suppose so many adults and so much effort was put into demonstrating a crash scene?
5. Other than the make-up and the crashed automobiles, what will you discuss with your parents tonight about this program?
6. Do you want your school to repeat this program next year? Why or why not?
