NO. LTC # 107-2009

LETTER TO COMMISSION

TO: Mayor Matti Herrera Bower and Members of the City Commission

FROM: Jorge M. Gonzalez, City Manager

DATE: April 16, 2009

SUBJECT: Renderings of the New World Symphony Campus Expansion Building and City Garage

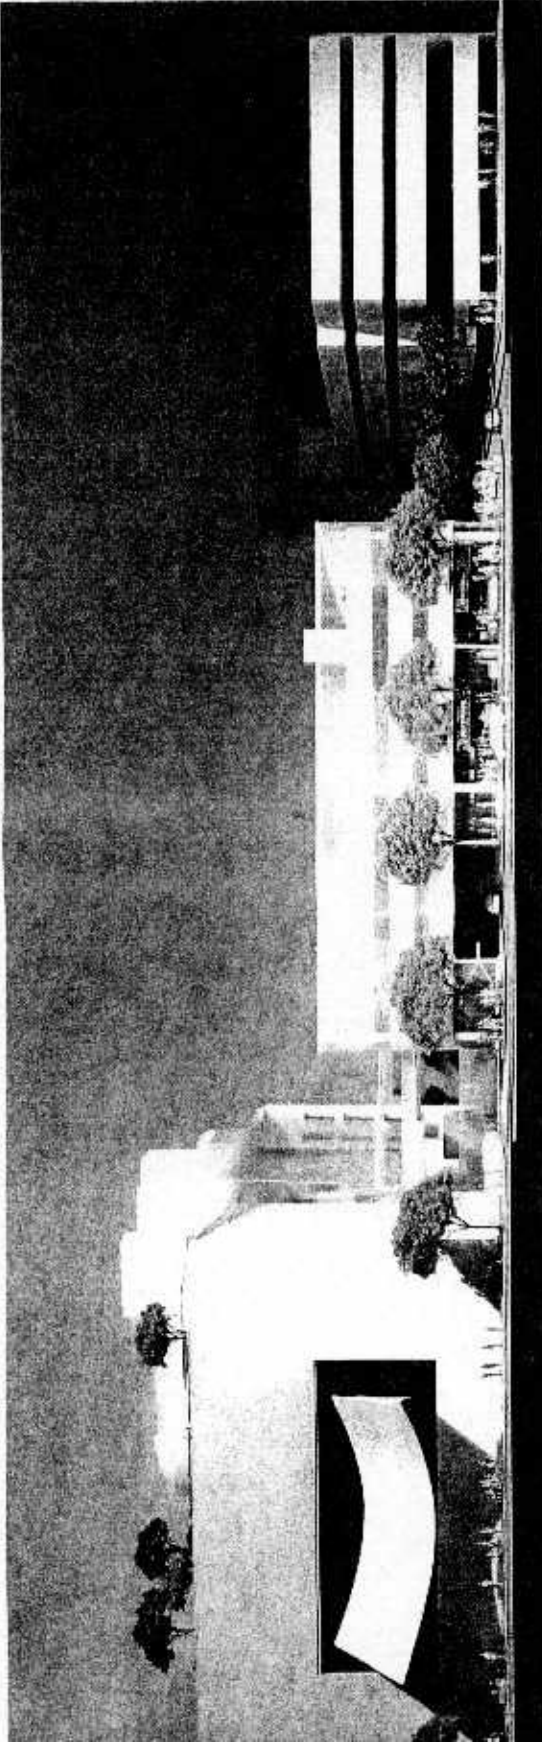

Pursuant to the discussion at the Finance and Citywide Projects Committee on April 14, 2009, please find attached a rendering of the New World Symphony Campus Expansion Building and the proposed City parking garage.

The renderings show two versions of a Garage. The first is a proposed 4½ story garage, which under one of the scenarios discussed would be increased a half level to be even with the top cladding line. The second version is the six story garage that is presently proposed.

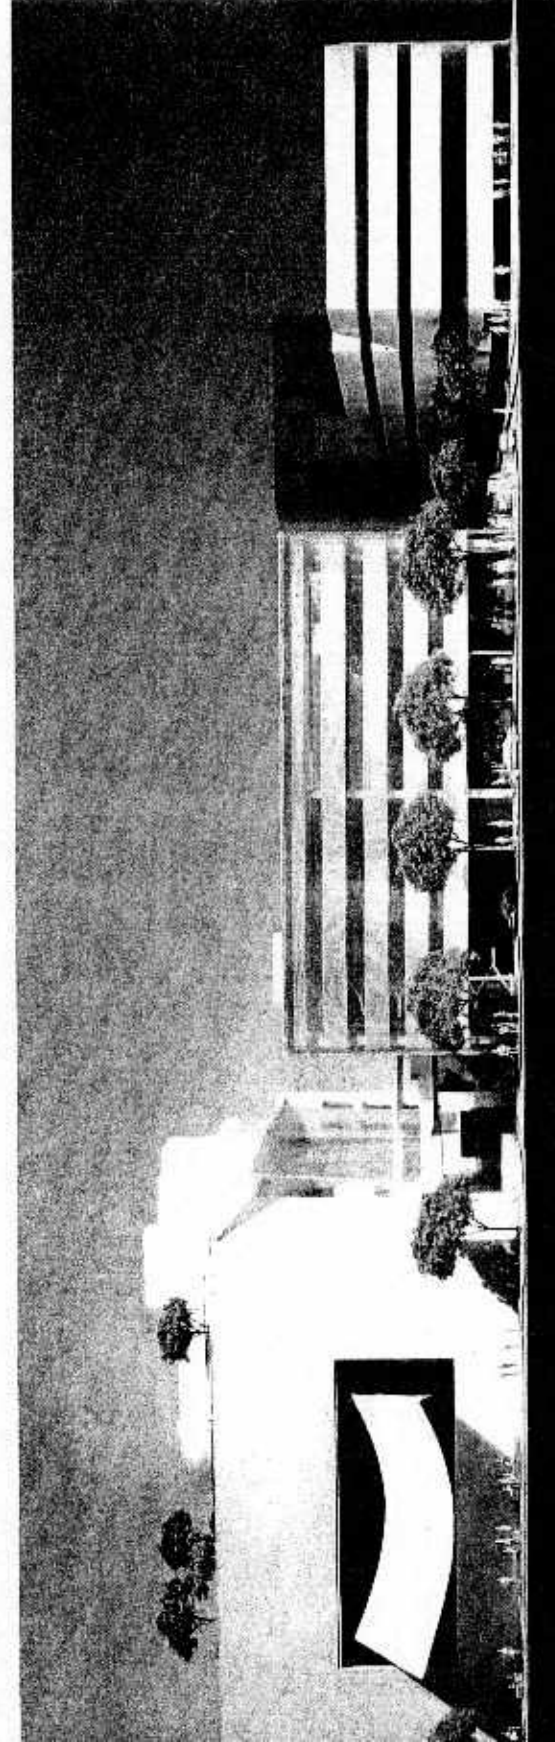

Please let me know if you would like additional perspectives of the Garage Building, or if you have any additional questions and/or concerns.
