

## Commercial Recycling

Commercial recycling became mandatory county-wide in July of 1992. The County Ordinance requires the following:

- Owners/Property owners of commercial establishments in Miami-Dade County must provide a recycling program for their employees and tenants, using the services of an authorized waste hauler or private recycling hauler.
- The program must recycle three items from the following list of ten: high grade office paper, mixed paper, corrugated cardboard, glass, aluminum, steel, other scrap production metals, plastics, textiles, wood.
- Modified Recycling Programs - those which incorporate modifications, substitutions or reductions to the requirements stated above - may be submitted to the Department of Solid Waste Management for review and approval.
