ADMINISTRATION RECOMMENDATION

Adopt the Resolution.

ANALYSIS

1. Approval to submit a grant application to Miami-Dade County Homeless Trust, for funding, in the approximate amount of \$64,000 for the City's Supportive Housing Grant Program.

Miami-Dade County is a recipient of federal funding under Title IV of the Stewart McKinney Homeless Assistance Act through the U.S. Department of Housing and Urban Development. The City plans to apply for funding, in the approximate amount of \$64,000, from Miami-Dade County Homeless Trust to provide supportive services, including homeless outreach and shelter placement. The City will use the funds for the following homeless activities: 1) homeless outreach and to inform persons about the program; 2) assess and confront problems; and, 3) for shelter placements. A match of at least 25% is required. Matching funds are available from the Real Estate, Housing and Community Development Department, Homeless Division operating budget. This project supports the key intended outcome: reduce the number of homeless.

2. Approval to submit a grant application to Miami-Dade County Homeless Trust for funding for the Hotel/Motel and Homeless Management Information System (HMIS) Programs in the approximate amount of \$63,000 for the City's Homeless Outreach Program.

This application provides funding for the following two programs:

Hotel/Motel Funding: Miami-Dade County Homeless Trust provides federal funding for emergency hotel/motel placement for homeless persons. Homeless funds are specifically provided to provide emergency hotel/motel placements of homeless individuals and families with children. This program also provides funding for food vouchers for families while residing in placements if food arrangements or other resources are unavailable. The City is applying for funding in the amount of \$50,000 for this program.

HMIS Funds: The City of Miami Beach receives Supportive Housing funding on an annual basis from Miami-Dade County for the City's Homeless Outreach Program. The grant guidelines require that all grantees participate in the County's data-tracking software system – the Homeless Management Information System. City staff is required to input client and intake data and maintain client files and statistical data on each person served. This is a labor intensive requirement, currently being performed by staff in the Community Services Division of Neighborhood Services. This grant will partially cover the salary costs associated with one position responsible for maintaining the HMIS data. No new staff will be hired as a result of this grant. The City is applying for funding in the amount of \$12,333 under this program.

Matching funds are not required for this grant. This project supports the key intended outcome: reduce the number of homeless.

3. Approval to submit an application to Miami-Dade County Homeless Trust for funding for Identification Assistance Services for homeless individuals and families in the approximate amount of \$50,000 for the City's Homeless Outreach Program

The Miami-Dade County Homeless Trust was created by the Miami-Dade Board of County Commissioners to, among other things, oversee the use of the Food and Beverage Tax and other funds and to establish and implement policies based on the Miami-Dade County Community Homeless Plan. The Plan is a comprehensive continuum of care system to serve homeless persons in Miami-Dade County.

The City currently receives Homeless Trust funding for its current Homeless Outreach program. In addition to Homeless Outreach funding, the Homeless Trust also has Identification Assistance funds available to provide assistance in obtaining identification and

other personal documents on behalf of homeless individuals and families in Miami-Dade County. The funds can also be used to cover related costs or fees associated with obtaining or replacing documents utilized to establish identification, such as Florida identification cards, birth certificates, marriage certificates, school records, social security cards etc.

The Administration intends to apply for funding in the approximate amount of \$50,000 to provide this service. This Identification Assistance service will be folded into the City's current Homeless Outreach Program. The grant does not require matching funds and supports the key intended outcome: reduce the number of homeless.

4. Approval to submit an application to the U.S. Department of Transportation Investment Generating Economic Recovery Program (TIGER Program) for funding in the approximate amount of \$10 million for the Middle Beach Recreation Corridor (MBRC) Phase II

The Transportation Investment Generating Economic Recovery, or TIGER Discretionary Grant program, provides a unique opportunity for the U.S. Department of Transportation to invest in road, rail, transit and port projects that promise to achieve critical national objectives. These are innovative, 21st century projects that will change the U.S. transportation landscape by strengthening the economy and creating jobs, reducing gridlock and providing safe, affordable and environmentally sustainable transportation choices. Projects will need to be ready for construction by June 30, 2013.

The MBRC is part of a comprehensive bikeway/pedestrian program called the Atlantic Greenway Network which will provide direct access to important destinations, such as schools, parks, shopping centers, business districts. It includes beach corridor paths, neighborhood trails, arterial lanes and paths to connect South, Middle and North Beach and link Miami Beach to the mainland.

Phase II of this project includes construction of an on-grade walkway encompassing eighteen blocks north from approximately 46th Street to Allison Park at 64th Street, or the southern terminus of the North Beach Recreational Project. The project has already received grant funding in the amount of \$533,520 for design, and has been approved for additional grant funding in the amount of \$1,000,000 (pending final award). In addition, the Administration has a recently submitted application in the amount of \$600,000 which is pending review and final decision by the funding agency. The total estimated cost of this project is \$13,138,636. The Administration is applying for funding in the approximate amount of \$10,000,000, with matching funds in the amount of \$3,138,636 (24% match). Source of matching funds is CDT Interlocal Revenues for CDT/Resort Tax Eligible Expenditures. The match was appropriated in FY 11/12 budget. The program requires a minimum application of \$10 million, with a minimum 20% match. This project supports the key intended outcome enhance mobility throughout the City.

5. Approval to submit a grant application to the Urban Areas Security Initiative (UASI) program in the approximate amount of \$350,000 for FY 2012 funding.

The Urban Area Security Initiative (UASI) is funded through the U.S. Department of Homeland Security (DHS), under the Homeland Security Grant Program. One of its core missions is to enhance the ability of state and local government to prevent, protect against, respond to and recover from terrorist attacks and other disasters. The federal government allocates funding to the different Urban Area groups based on a risk-based methodology.

The program focuses on planning, equipment, training and exercise needs of high threat, high density urban areas. The City of Miami Beach receives UASI funding as part of the allocation for the Miami Urban Area. The City will be utilizing grant funds to further homeland security needs citywide. The Administration intends to submit an application for UASI funding the approximate amount of \$350,000.

No matching funds are required. This project supports the key intended outcomes increase visibility of Police and maintain crime rates at or below national trends.

6. Approval to submit a grant application to the State of Florida, Division of Historical Resources for the Small Matching Historic Preservation Grants Program for funding in the approximate amount of \$10,000 for funds to prepare design guidelines for MiMo buildings

The State of Florida's Small Matching Historic Preservation Grants program awards funding for the restoration of historic structures, archaeological excavations, recording of the historic and archaeological sites, state historical markers and historic preservation education projects. Applications are evaluated based on historic significance, endangerment, appropriateness of the preservation treatment proposed, administrative capability of the organization, adequacy of technical and financial resources, educational potential, economic benefits, and public good resulting from the project.

The Administration is seeking funding to build upon previous efforts to promote public awareness and preservation of Miami Modern (MiMo) architecture on Miami Beach by preparing illustrated design guidelines for the rehabilitation and restoration of MiMo style buildings; and by enhancing the MiMoOnTheBeach website with the design guidelines and also with interactive features such as a searchable database of MiMo buildings with photographs and pop-up illustrations and photographs on the MiMo 101 and Glossary pages. The total project cost is \$20,000. The City will request funding in the amount of \$10,000 from the State, and will provide a cash match in the amount of \$2,500 from the Planning Department Operating Budget and \$7,500 in in-kind matching funds (staff salaries devoted to this project). This grant requires matching funds, which can include an in-kind match; however at least 25% of the match must be in cash. This project supports the key intended outcome protect historic building stock.

7. Approval to submit a grant application to The National Trust for Historic Preservation Grant Program for Modernism + Recent Past for funding in the approximate amount of \$7,000 for the Planning Department's Research and Design Program;

The National Trust for Historic Preservation's Modernism + Recent Past Initiative focuses on significant buildings, structures, and landscapes of the modern movement, as well as places of social, economic, and cultural importance that were built within the last fifty years. Primary funding for the Initiative was generously provided by the Henry Luce Foundation. With this initiative, the National Trust for Historic Preservation plans to elevate public appreciation for both modern and recent past resources and demonstrate the significance of these buildings in the history of American architecture and culture.

The Planning Department intends to apply for funding for research and design of methods to preserve historic metal railings on MiMo buildings that no longer meet life safety codes. The Administration intends to apply for \$7,000 for this initiative. This grant does not require matching funds. This project supports the key intended outcome protect historic building stock.

8. Retroactive approval for the City to renew a funding application with the Children's Trust for the Success University Service Partnership Program in the approximate amount of \$215,000

The Children's Trust Service Partnership program provides funding to address targeted geographic areas and to reach at-risk populations in Miami-Dade County. The purpose of the program is to target resources to meet the more complex needs of vulnerable children and families in the area.

The City was awarded an initial planning grant for Success University in 2007, and since then has received recurring annual grants for this program from the Children's Trust. The program has been operating successfully and has consistently ranked amongst the highest scoring Service Partnerships in the County. Success University is an integrated service program that partners with community agencies to provide Miami Beach youth at risk for truancy with personal and academic supports, while providing their families with holistic, comprehensive services to ensure family stability and youth success.

Previously, the Children's Trust funded Service Partnerships for a full year, however, this year, all Service Partnerships will be 9-month contracts to synchronize with the school calendar. Renewal amounts have been prorated based on a 9-month timeframe, for an approximate amount of \$215,000. Similar to last year, participants attend Biscayne Elementary, Nautilus Middle or Miami Beach Senior High School, are predominantly aged 6-12 and 13-18 and have indicators showing them to be truant as demonstrated by school absences. Students are referred to the program when they experience five or more unexcused absences in a given school year. No supplanting of existing public funds is allowed. This program does not require a city match. This program supports the key intended outcome: enhance learning opportunities for youth.

CONCLUSION

The Administration requests approval to authorize the City Manager or his designee to submit the following grant applications: 1) Miami-Dade County Homeless Trust for funding in the approximate amount of \$64,000 for the City's Homeless Outreach Program; 2) Miami-Dade County Homeless Trust for funding from the Hotel/Motel and Homeless Management Information System (HMIS) Programs in an approximate amount of \$63,000 for the City's Homeless Outreach Program; 3) Miami-Dade County Homeless Trust for funding in the approximate amount of \$50,000 for Identification Assistance Services for Homeless Individuals and Families; 4) U.S. Department of Transportation, TIGER (Transportation Investment Generating Economic Recovery) Program for funding in the approximate amount of \$10 million for the Middle Beach Recreational Corridor; 5) US Department of Homeland Security for funding in the approximate amount of \$350,000 for the Urban Area Security Initiative (UASI) Program; 6) State of Florida, Division of Historical Resources, Small Matching Grant Program for funding in the approximate of \$10,000 for funds to prepare design guidelines for MiMo buildings; and approval to execute documents for a grant renewal to: 8) The Children's Trust for funding in the approximate amount of \$215,000 for the City's Service Partnership (Success University) Program; appropriating the above grants, matching funds and City expenses related to the above projects as necessary, if approved and accepted by the City, and authorizing the execution of all documents related to these applications.
