As part of Miami Beach's ongoing efforts to provide information about the City to the community, we are now airing the latest edition of "CityVision." The 30-minute news magazine show is produced by the Office of Communications to illustrate the City's progress in meeting the goals of its Strategic Plan and to provide information to viewers on current events, programs and services that affect them.

The August/September 2012 program, shot at the newly renovated Historic Fire Station No. 2, features the following news segments:

- The importance of emergency preparedness with Fire Chief Javier Otero;
- Recent plan approval improvements at the Building Department;
- Community survey results and how the results are used to continue to improve the community and services; and,
- The groundbreaking of the anticipated Abel Holtz Tennis Center at Flamingo Park and how the Office of Capital Improvement Projects will carry out the phases of the project through completion.

Other news stories include the Parks & Recreation Department's new "10,000 Steps to Health" program; artwork created by Miami Beach children with the legendary nature artist Wyland; and Miami Beach High School's 40-year-old music program, Rock Ensemble, through the eyes of retired teacher and founder Doug Burris.
