## COMMITTEE MEMORANDUM

TO: Finance and Citywide Projects Committee

FROM: Jimmy Morales, City Manager 

DATE: May 13, 2013

SUBJECT: **DISCUSSION REGARDING THE ISSUE OF ENCOURAGING BUSINESSES TO SUPPORT THE EFFORT OF IMPLEMENTING MORE HOMELESS METERS**

### BACKGROUND

The Miami-Dade County Homeless Trust (the Trust) was created in 1993 by the Board of County Commissioners with several primary functions: to administer proceeds of the one-percent food and beverage tax, to implement the local Continuum of Care Plan, a three-phased plan, called the Miami-Dade County Community Homeless Plan; and to serve in an advisory capacity to the Board of County Commissioners on issues involving homelessness. The Trust is not a direct service provider. Instead, it is responsible for the implementation of policy initiatives developed by the 27-member Miami-Dade County Homeless Trust Board, and the monitoring of contract compliance by agencies contracted with the County, through the Trust, for the provision of housing and services for homeless persons.

The City has been participating in a fundraising campaign which is described below and will be referred to as the "Homeless Meters" throughout this memorandum. The Homeless Meter campaign resulted from the Trust's April 2009 effort to continue to promote awareness of homeless issues throughout the community. The Trust engaged the M Network, a public relations firm, to promote community awareness of services offered by the Trust, as well as to assist in a targeted campaign related to providing alternative strategies to panhandling.

The Trust's awareness campaign focused on donation of parking meters, a strategy which had been successfully utilized in other communities, such as Denver and Baltimore, to redirect community giving from panhandlers and into funding homeless services. According to the survey conducted by Zogby International on behalf of the Homeless Trust, "Homeless Trust Survey on Miami-Dade County's Generosity," county residents may be giving millions of dollars per year to people on the street.

The Homeless Meters are surplus parking meters graphically enhanced by local artist, Romero Britto, and are placed where panhandling most frequently occurs. All monies are collected and utilized for homeless services, such as emergency shelter beds and feeding programs. The Homeless Trust takes care of all costs associated with the program, which includes installation of the Homeless Meters and finding meter sponsors. Sponsors provide a tax deductible contribution of \$1,000.00 per donation meter sponsorship (Attachment 1). The City of Miami Parking Authority (MPA) collects, processes and maintains all of the meters county wide.

On October 27, 2010, Resolution No. 2010-27535 was approved by our City Commission establishing the Miami-Dade County's Homeless Trust's Adopt-A-Homeless Meter Donation Campaign Program in the City of Miami Beach. The resolution allowed for 11 Homeless Meters to be established throughout the City (Attachment 2). Subsequently, a private donor sponsored 11 additional meters which Joe's Stone Crab allowed to be placed in its' parking lot.

## **ANALYSIS**

At the October 24, 2012 City Commission meeting, Commissioner Weithorn referred to the Finance & Citywide Projects Committee (F&CWPC), a discussion on the issue of encouraging businesses to support the effort of implementing more Homeless Meters in the City of Miami Beach.

Subsequently, the Homeless Trust requested that the City of Miami Beach Parking Department take over collection and maintenance of the 22 Miami Beach Homeless Meters. Currently, the money deposited into the Homeless Meters is collected and maintained by the Miami Parking Authority free of charge to the Homeless Trust. However there are issues with the amount of time it takes to get the meters serviced when in need of repairs and the amount of time it takes to collect and report on donations. In an effort to more effectively maintain the Homeless Meters and collect and track the money deposited into our Homeless Meters, it is recommended that an alternative system be implemented.

The City of Miami Beach currently contracts with Standard Parking for regular parking meter collections. If the Homeless Meters program expands, Standard Parking is considering waiving the annual collection cost to Miami Beach of \$242.88 for our 22 existing Homeless Meters. However, the City of Miami Beach would have to take over the annual maintenance cost of \$43.09 per meter (currently totaling \$948.00 for the existing 22 Homeless Meters). In return, the Homeless Trust would place a meter and a large collection device at City Hall at no cost and pay for the processing fees of the collections, \$22.77 per year, and annual audit costs, \$105.26 per year. However, regulatory review may be required for the large collection device depending on its size, design and location.

Based on the most recent report provided to the Homeless Trust by the MPA, collections from July 1, 2011 through February 28, 2013 resulted in \$2,579.85 from the Joe's Stone Crab meters and \$1,550.25 from the City of Miami Beach meters, totaling \$4,130.10.

It is relevant to note that the City's own Committee on the Homeless is currently working on an anti-panhandling campaign which will include a City-wide public education component promoting the homeless meters in lieu of giving to panhandlers. Our Committee on the Homeless is researching models that have worked in other cities and including flyers, signage and mass media campaigns. This idea was a result of a presentation given to the Community Relations Board (CRB) on February 20, 2013 by the Homeless Programs staff regarding the services the City provides to the homeless. The discussion turned to the meters and how the community is not aware of its purpose. The CRB suggested a joint effort on promoting awareness and possibly being able to allocate some resources for the project.

## **Conclusion**

The Administration requests a recommendation from the F&CWPC regarding whether the City of Miami Beach should, in an effort to encourage businesses to sponsor and place more homeless meters in the City of Miami Beach, take over the annual maintenance cost of \$43.09 per meter for the meters (currently \$948 annually for the existing 22 meters). In return, the Homeless Trust would place a meter and a large collection device at City Hall, subject to regulatory reviews, at no cost and pay for the processing fees of the collections, \$22.77 per year, and annual audit costs, \$105.26 per year.
